TO APPRENTICES AND MINORS.—It will be seen by a notice in another column that an arrangement has been made with the Charleston Library Association by which the use of the rich store of books belonging to that institution is accorded to the Apprentices' Library Society. All apprentices and minors, therefore, are now invited to make use of the books of both societies. At present the library will be open every day from 10 A. M. to 3 P. M., and on Saturday from first to second bell ring. As the resources of the society increase, the hours of opening will be enlarged. We are heartily glad that there is now a prospect that the joint library will be turned to good account, and hope that the public, by becoming members, will show that they appreciate the privilege extended to them.

CLUBS AND STARS.—Thomas Young was arrested on a charge of assaulting John Charley, but was released in consequence of the non-appearance of the prosecutor.

James Drayton, charged with stealing \$19.50 from a man named Chisolm, has been arrested by Lieutenant Phillips, of the detectives.

A young man was sent to the House of Correction for thirty days for disorderly conduct at the Mansion House.

UNITED STATES COURT.—Hon. George S. Bryan, Judge, presiding.—The District Court was opened at 10 A. M. yesterday, and the following business was disposed of:

Ex parte W. H. Green, per prochein ami, in re F. D. Green.—In bankruptcy. In this case it was ordered that Registrar Claxton forward to the clerk of this court the testimony taken in this cause, with a copy of the accounts of R. D. Green, guardian, which have been submitted to him.

Ex parte Theo. D. Wagner, in re Eliza M. Bonneau vs. Joseph Durall, bankrupt, E. W. Marshall, assignee, et al.—In bankruptcy. Petition to establish lien for rent. The argument for the petition was commenced, and the case was postponed for further hearing until to-morrow.

Thomas P. Forreston, of Ireland, was made a citizen of the United States.

HANDSOME IMPROVEMENT ON THE BAY.—The vacant lot on the northeast corner of Atlantic wharf and East Bay has been recently purchased by our enterprising fellow-citizen, Mr. J. N. Robson, who is now erecting a fine building upon it, under the supervision of Mr. Benj. Lucas, of our city. The building will be of brick, on the old foundation, and will be three stories high, and will have a front (very similar) to that of the new building of Messrs. Bollman & Bros., next to The News office, consisting of three iron columns, and a series of rustic masonry, &c., street, and a cemented front of cream color above. It will have three folding sash doors with square headings, and modern style lights, on East Bay, and two, with semi-circular headings, on the street. The front windows of the ground and third stories will have circular headings, and upon the front parapet will be put an ordinary panel design, within the panel of which Mr. Robson's name will appear in large capitals. A staircase running from the north front door will communicate with Mr. Robson's office, on the second floor, which will be enclosed by a sash partition.

THE GREEN MONSTER, TO-NIGHT.—The Bavel-Martinetti troupe, whose fame as pantomimists is world-wide, will to-night present, after careful preparation, the grand fairy spectacular pantomime entitled the Green Monster. It is now thirty-four years ago since this piece was played for the first time in America, at Niblo's Garden, New York City—a building originally designed by Wm. Niblo for the special use of the great French Bavel-Martinetti troupe. The Green Monster, on its first production, had a run of over two hundred nights. It has since been received with unbounded enthusiasm in all the leading theatres of the United States, South America and Australia. Begirring, as this production does, the talents of superior artists, it has never been attempted by minor or inferior pantomime companies. In fact it is the specialty of this troupe, and presented, as we are sure it will be to-night, with every attention paid to costume, music, scenery and detail, we feel assured that this evening's performance will revive the remembrances of many of our old theatre-goers, whose recollections of this famous troupe are linked with the White Knight, and the Green Monster. The machinists have been busily engaged since the beginning of the week in arranging the necessary machinery. The scenic artist has likewise been busy in his department, and no expense, we are assured, has been spared to produce this great work in a manner calculated to win the approbation of the even the most fastidious. We hope to see the house crowded to its utmost capacity for this occasion.

RANGE OF THE THERMOMETER at Joseph Blackman's drug store, No. 39 Broad street, October 12: Eight o'clock, 70; 10; 12; 78; 2; 74; 4; 76; 6; 74; 8; 74.

FOUND.—A bale of cotton was found by the police in State street on Tuesday night, and was taken to the Guardhouse. It was probably dropped by some careless driver.

THE MANDAMUS.—The arguments upon the peremptory mandamus, compelling the City Council to order an election to fill the vacant seats in the Board of Aldermen, were entered upon yesterday.

THE LADIES' MUTUAL AID ASSOCIATION.—The receipts of this association for the month of September, 1870, were \$78 75, and the expenditures \$65, leaving a balance in hand of \$13 75. The work ordered during the month amounted to \$48 87.

NATURALIZATION.—At the meeting of the Executive Committee held last evening, the following committee was appointed to assign persons desirous of becoming citizens, in taking out their naturalization papers, viz: T. H. King, A. T. Smythe, G. D. Bryan, A. G. McGrath, Jr., Charles H. Inglesby, Wm. St. Julian, Jerry, Robert Chisolm.

MEETINGS.—An extra meeting of the Chamber of Commerce will take place to-morrow at 1 o'clock.

There will be a mass meeting of the citizens of this city, irrespective of party, at the Masonic Hall, to-night, where R. S. Tharin, Esq., the "people's candidate" for Congress, will speak.

CRUMBS.—The teachers of the colored Sunday-Schools, of all denominations in the city, will meet in convention, on Friday evening, to adopt some plan of gathering together the destitute children of the city, and taking care of their moral education.

The Eliza Fire Company give a grand soleris this evening, which promises to be a very pleasant affair.

ELECTION IN SAVANNAH.—The municipal election in Savannah, on Monday, resulted in the choice of the Hon. John Screven as Mayor. The advertiser says: "The day was utterly devoid of excitement, excepting that briefly afforded by the circus, the negroes entirely abstaining from voting or participating in the election in the smallest degree. The regular ticket, emanating from the nominating committee, was largely scratched."

THE SOUTH CAROLINA LOAN AND TRUST COMPANY'S BUILDING.—The old building on the southeast corner of Gadsden's alley and Broad street, formerly occupied by Messrs. Dawson and Blackman, is now being pulled down, and will give place to a handsome two story brick building erected by the South Carolina Loan and Trust Company for an office. The plan was drawn by Messrs. Abrahams & Seyle, architects, of Charleston, to whom we are indebted for most of the particulars.

The front room of the ground floor, approximately in size to the banking room now occupied by the company, will be used for banking purposes, and will be fitted up with all the requisite modern improvements. The back room will be separated, by a sliding door, into two offices, for the accommodation of the president and cashier; and in the rear of this room will be the vault, entered through one of the offices, noticed above. An iron staircase, opening on Gadsden's alley, will communicate with the second story, which will be divided into offices for renting out.

The building will be nearly as high as the People's National Bank building, adjoining on the east, and will be adorned with an elegant cast-iron front of the Corinthian order, somewhat similar in appearance to the front of the building nearly opposite, now occupied by the People's Bank, having one door and two windows of the same size, with semi-circular headings on the street and three windows above.

The parapet will be finished with a semi-circular pediment in the centre and a vase at each corner. The contract has been given to Mr. George W. Egan, who agreed to complete the building by the 1st of January, 1871.

COURT OF GENERAL SESSIONS.—The court met yesterday, at 9 A. M., Judge Zephaniah Platt presiding, and disposed of the following cases:

The State vs. L. Alexander and J. M. Alexander—forgery. On motion of J. N. Nathans, Esq., counsel for the prisoners, continued to next term of court.

The State vs. J. H. Simonson—forgery. The prisoner pleads guilty, and requested permission to address the court. He produced testimonials of previous good character, and asked the court to be merciful, as this was his first offence.

The State vs. Isaac Butler—grand larceny. Not guilty.

The State vs. Cesar Lloyd—assault and battery. No defence. Guilty.

The State vs. H. A. Hammerschmidt and S. J. Coates—false imprisonment and kidnapping. Struck off.

The State vs. S. J. Coates—kidnapping. Struck off.

The State vs. Ben Wright—petty larceny. Struck off.

The State vs. Rosa Jones—malicious trespass. Struck off.

The State vs. Polly Gadsden—petty larceny. Struck off.

The State vs. L. P. Smith—assault and battery. Struck off.

The State vs. G. Simmons and Joe Warley—highway robbery and assault and battery. Struck off.

The State vs. Robert Gordon—assault and battery. Continued.

The State vs. P. Morrissey—assault and battery. Struck off.

The State vs. Edward Thompson—assault. Not guilty.

The grand jury returned no bill in the case of Franklin Kelly, indicted for perjury.

The petit jurors were discharged, and the court adjourned at the usual hour.

Since the opening of the court, the grand jury have brought in sixty-eight true bills, and twenty-four no bills. Twenty-eight parties have been found guilty and will be sentenced to-day, viz: For murder, one; arson, one; grand larceny, three; forgery, one; petty larceny, eight; assault and battery, ten; assault, four. Of these there are twenty-one colored and seven whites—twenty-six males and two females. The grand jury will be discharged this morning, and the session of the court will be closed.

THE MATINEE AT THE ACADEMY.—For the special accommodation of the ladies and the young folks Manager Ogden offered a rare treat at the Academy yesterday morning in a repetition of the world-renowned pantomime, "Jocko." The personation of the Ape by Mr. Martinetti is the most admirable example of pantomime delineation which has ever been our good fortune to witness, and the little actress who took the part of the half-drowned girl deserves a high meed of praise, and her perfect nonchalance at the treatment at first bestowed upon her by the Ape brought forth loud applause. The audience was a very select one, and the house was pretty full.

SOUTH CAROLINA INSTITUTE.—The board of directors of the Institute met at the Board of Trade Rooms last night—Mr. W. D. Kirkwood, presiding. Encouraging reports were received from the committees appointed to collect funds. The committee appointed to confer with the railroad companies reported progress, and also that the South Carolina Railroad Company had very liberally proposed to make an extension of their track to the Fair Grounds, provided that the Institute should pay the cost of the grading. The chairman of the committee of arrangements made several short reports, showing that he is engaged, with all his great energies upon the work of completing arrangements. He stated that the building would be ready to receive articles intended for exhibition by the 20th instant. Also, that City Council would fix the sidewalk of Rutledge avenue above Line street, the meeting was a very satisfactory and harmonious one.

The committee on arrangements are requested to meet at the Board of Trade Rooms on Monday next, at half-past 7 o'clock P. M.

MEETINGS OF THE REFORM PARTY.—A large meeting of the Ward 4 Club was held at Nathan's Hall, Wentworth street, last night. President Z. Davis in the chair.

The following communication was received from the Central Club:

Z. Davis, Esq., Chairman Fourth Ward Club, W. R. Z.

DEAR SIR.—At a meeting of the Central Club of the Union Reform party, held on the 7th instant, it was

Resolved, That the several ward clubs be requested to appoint a committee whose duty it shall be to assist all foreigners desirous of joining our party and aiding us by their votes in the coming election, to obtain their naturalization papers.

From the minutes.

JAMES M. CARSON, President.

WM. M. BIRD, Secretary.

The following is the committee appointed: Messrs. James H. Whaley, A. Melchers and John F. O'Neill.

On motion of Mr. Charles Kerrison, Jr., it was

Resolved, That with a view to harmonize and strengthen the Reform party, all candidates other than those nominated by the County Convention be requested to withdraw in favor of the regular nominations, thus making that patriotic sacrifice which the present state of affairs requires from all good citizens.

Resolved, That Ward 4 will support the ticket nominated by the County Convention.

Resolved, That the above be published in THE DAILY NEWS and Courier.

On motion of Mr. R. S. R. Chrelitzberg, it was

Resolved, That our table-keepers be instructed to remove from their tables all ballots bearing the names of Reform tickets, and that all of the clubs in the city be requested to adopt the same course, and that this resolution be published in THE DAILY NEWS and Courier.

On motion of Mr. E. L. Roche, it was

Resolved, That a committee of three be appointed to confer with the Ward 3 Club for the purpose of making arrangements for holding joint meetings every night (Sundays excepted) until the day of the election.

The following committee was appointed: R. S. R. Chrelitzberg, B. K. Kinnloch, and Charles Kerrison, Jr.

The regular business being over, the meeting was addressed by Captain Armstrong, and Messrs. Lincoff, of Kingstree, and A. H. Harper, after which it adjourned.

The Ward 3 Club met at Oppenheim's Hall, corner of King and Hudson streets, at half-past 7 o'clock. In the absence of the president, Mr. E. P. Holmes was requested to take the chair.

The following resolutions were unanimously adopted:

Resolved, That this club deems it unwise to support or countenance any ticket proposed by any person or persons opposed to the nomination of the County Convention.

Resolved, That this club will make every effort in favor of the ticket selected by the Nominating Convention, and that every man in it will pledge himself to vote for the same.

Resolved, That a copy of these resolutions be sent to the different ward clubs for their approval.

A communication from the Central Club, similar to that received at Ward 4, was received as information.

Mr. John A. Moroso and others addressed the meeting.

NOTICE.—TO THE EDITOR OF THE NEWS.

It is with regret that we have seen efforts made to weaken the "Union Reform Party" by the nomination of candidates in the place of those selected by the convention of the party, which was assembled at Hibernian Hall, on the 23rd instant.

This convention was held in accordance with the party usage.

The delegates were regularly chosen, under the call of the county chairman, at the primary assemblies of the people, not only in the different wards of the city, but also in the outlying portions of the county. New tickets can only result in strengthening the hands of our enemies of the Radical party, and if any dissensions in our ranks are countenanced by the people, they will look for the ruin and disaster which have been so eloquently fore-shadowed, and which defeat will assuredly bring upon us.

Let all good and true men sink personal considerations, and preferences, and support the whole regular ticket, and nothing but the regular ticket.

ANNOUNCEMENTS.

TO THE VOTERS OF CHARLESTON COUNTY.

As the convention of the Union Reform party, which assembled on the 3d of October, was only authorized to nominate candidates for the Senate, the House of Representatives, School Commissioners and County Commissioners, and as the question of the election of coroner did not arise before the primary meetings, which elected the delegates to that convention, my friends have seen fit to nominate me as an ad id and without incumbent to that office, I have offered to Mr. E. L. Roche, who cannot claim a regular nomination for the reasons above given, the following propositions, to wit: That each of us should select three friends who should be authorized to call in an umpire; that they should decide upon the question of who should be the candidate for the office, and that both of us should abide by the result. Mr. Roche has seen fit peremptorily to refuse, and I have no other recourse than to offer myself as a candidate for the office in which I have been tried and not found wanting, and to solicit the suffrages of my fellow-citizens.

For CONGRESS, R. S. THARIN, Esq., Messrs. Editors: Please announce R. S. THARIN as the People's Candidate for Congress for this District, and oblige

MANY VOTERS.

BUSINESS NOTICES.

EDITORS OF THE NEWS: Sirs.—In the gallant speech of Colonel B. H. Rutledge, on the evening of October 12, 1870, in alluding to the enormous taxation on the necessities of life, it must certainly have slipped his memory, or he would have mentioned it, that Wilson, the people's candidate for grocer, is selling a good tea, (green and black) for one dollar a pound, at the corner of Anson and Society streets.

Takes our word for it, and give it a trial.

SYSTEMS RUN DOWN.—PERSONS often allow their systems to "run down," or rather run them down by the over-work, accompanied by a neglect of the proper means of invigoration. The result is what is called "GROSS DEBILITY." In other words, a failure and partial collapse of the physical forces; accompanied, usually, by great depression of spirits.

The best remedy in such cases is HOSSTETTER'S STOMACH BITTERS. Whether the state of exhaustion has been brought on by excessive physical labor, dissipation, anxiety of mind, exposure, or any other cause, the remedial effect of this great stomachic will be found equally prompt and certain. As a restorative, after severe sickness has prostrated the body and mental energies, it is pronounced by competent medical authority, "THE BEST TONIC IN USE." If men were more confident in themselves, they would always, when engaged in any work that required great strength, for this purpose HOSSTETTER'S BITTERS are invaluable. All others should use them as an invigorant.

For those constantly employed in indoor occupations, especially in crowded workshops, they may be reckoned as the very best safeguard of health. Where there is a predisposition to constipation, or a tendency to biliousness, they may be truly said to be a specific for which there is no substitute.

A GRAND EPOCH IN SCIENCE.—From the time when, in 1841, Dr. RUDD discovered "Carbolic Acid" and its extraordinary medicinal effects, nothing in the history of Medicine has equalled it. Largely used by the French physicians in treatment of consumptive and scrofulous diseases, it was introduced by the Court Physician of Berlin, MAX ERNST HENRY, into Prussia, and from thence to the United States. No thing else of the present day can equal HENRY'S SOLUBLE OR CARBOLIC CONSTITUTION.

Obituary.

FREE.—Died at Summerville, S. C., September 30, 1870, ELLEN L., beloved wife of E. Marion Free, Sr., in the forty-second year of her age. The subject of this notice was the daughter of one who will be remembered by those who were worshipped in the quiet ante-revolutionary church of James Island, as having so long, with rich melodious voice led the song of praise in that venerable sanctuary. Trained in childhood under the influence of the Gospel, she early professed her faith in the Saviour, laying the foundation of a lovely womanhood, fresh with the dew of morning, a willing offering upon His altar.

The pledge thus given at the threshold of life was, through Grace, subsequently redeemed. Receiving with patience the baptism of suffering by which the Christian soul is perfected for glory, and quietly and steadily discharging the several duties of her station, she illustrated the religion she had professed by the light of a living example, and attracted to herself the esteem of all who knew her. Suddenly called, in the midst of life's duties, to face the last enemy, she lay down to die, expressing her willingness to depart, and saying, "I am going to the place of rest." By this death a loving wife has ceased her earthly ministry, and four little ones—the youngest beginning life—where here's ended—are left to mourn the loss of a mother's sheltering arms. The living who follow her to the death in Christ will live; for a voice here's ended—were left to mourn the loss of a mother's sheltering arms. The living who follow her to the death in Christ will live; for a voice here's ended—were left to mourn the loss of a mother's sheltering arms.
